

Cemetery Meeting Minutes via Zoom 11-24-2020, 5:30 pm
For maintenance bids for 2021-2023 (3 year season)

Present: Trisha Whisman, Terry Verville, Russ McAllister
Not Present: Cynthia Krill

Call to order: 5:30 pm

Three bids were submitted, and the decision was made to stay with our present contractor, Barry LaValley of La Valley Northern Services. He has been working closely with the committee members with cleaning out the overgrown shrubs and trees and will continue. One other bid was inline with La Valley's, and another too pricey.

La Valley will continue to clean out brush finishing Appleton and moving to Butler afterwards.

A product for cleaning headstones will be purchased in the spring and tested in East Deering, it was recommended by Peterborough Marble & Granite, as they use it. Environmentally friendly and non destructive to all types of headstones, D-2 Headstone cleaner.

Terry will be checking with Aaron Gill about Trust Fund money and the perpetual care list. There is a living relative to one of the sites that headstones were knocked over and if it could be covered by the perpetual care fund or some other fund.

Meeting adjourned 5:46
