MEETING CALL TO ORDER

New Business:

- Review edits to the Fire Department Cost Analysis Breakdown
 - The committee completed a final review of the presentation and ultimately determined that the format without the CIP was a more direct representation of the costs of the EMS services. The committee also agreed that the anticipated tax rate breakdown was necessary to understanding the potential impact of the service for the community.
- Prepare a Practice Run Presentation to the Deering Board of Selectmen
 - After review of the materials, Rob Cilic agreed that he would try to put together some diagrams for the committee to review at the next meeting.
- Other Business
- Prepare for Next Scheduled Meeting
