

MONTHLY REPORT

SEPTEMBER 2007

NEWS:

1. Hiring Process: Officer John Schulte has been sworn in and has completed his employment paperwork. I have mailed out the PSTC forms for his appointment and the request for a "Law Package" certification.
2. Part-Time Position: I am beginning the background checks for this position.
3. Scheduling continues to be severely cut, as all three officers (myself, Captain Cavanaugh, and Ofc. Hodgen) are getting worn down from the heavy load. This trend will continue until Ofc. Schulte and the new Part Time Officer are both in position, field trained, and certified.

TRAINING:

1. Chief Pushee was certified by PSTC to hold a stopwatch and count laps, so now I can officially preside over the tri-annual PT Tests for all officers hired and certified after 2001.
2. Chief Pushee will be re-certifying in administering the Intoxilyzer 5000 breath tests in October or November.
3. If he can find the time, Chief Pushee will try to attend an informational session on applying for FY2007-2008 Homeland Security Grants.

GRANTS:

1. Highway Safety: the annual budget year for NH-HSA should be opening soon, and I intend to apply for overtime patrol grants again.

ACTIVITY REPORT:

Calls For Service Logged: 301
