

## Deering Cemetery Trustee Meeting 7-18-19

Call to order 6:38 pm July 18, 2019

Present: Cynthia Krill, Trisha Whistman, Terry Verville, (Tom Cummings not present)

Peterborough Marble & Granite- came out 7/16/19 to look at Appleton and asses cost for repairing various headstones, pricing each kind of repair (per stone) any where from

Simple straightening \$25- 50.

Bracing \$75-125

Top fixtures \$50 multiple pieces, \$20 simple glue and place.

Epoxying multiple pieces of granite stone \$50-75.

Epoxying to new granite (headstones in multiple pieces) \$100-125

If we decide to go this root then we need to pick the worst ones first, slate stones to be straightened first before they break off.

We also contacted 6 lawn care services to give an estimate to clean up the back side of Appleton and Butler, cutting branches, brush removal, and weed whacking the growth around the back walls. It need to be hauled away, a dozen or more headstones in both lots are covered with bushes, leaves and debree and you can't even see some of them and need to be addressed.

Barry who already does the contract mowing gave an estimate for everything \$4800.

Chadwicks came and said we should allot a smaller amount each year ie: \$2000, and do the worst areas and front (curb appeal) first. Barry would do this to we are sure.

Poison ivy is a huge concern.

Next meeting Aug 15, 6:30 pm

Meeting adjourned 7:15 pm

Terry Verville
