New Member Search for new member. Members discussed the application of one resident to join the Conservation Commission. The prospective member indicated interest in assuming the role of local coordinator for the lake host program. Samuels expressed doubt about adding a member who resides only half the year in Deering. Hartnett suggested that much Lake host management could be done electronically. Members supported proposing this individual to BOS for appointment if the individual is willing to participate fully in con comm activities. Samuels agreed to communicate this to the individual and to report the reply.
