Public in attendance: Gary Smith , Dennis Cavagnaro and Colleen Dean

Meeting called to order by Chairman Katie Lavoie

Katie reviewed RSA 195:14 which is the alternative method change to formula

Lots of discussion on the assessments and how it is determined, everyone is still confused as to how Deering is considered a wealthier community than Hillsboro.

Discussion on the presentation and what is best way to show comparisons, it was decided that it would be best to compare house values in ranges of \$150, \$250 and \$350k for ADM forecast.

Bill Whisman ordered a screen which will help project the presentation better.

Much discussion of the article of agreements that are referenced as being changed in 1967, unable to change those exact documents from anywhere. Bill offered with the help of Gary Smith to look in the archive boxes at town hall. Katie will ask for the documents from SAU under the right to know law.

Motion to adjourn @ 7:50pm

Respectfully submitted,
Lou Ellen
