Deering Apportionment Study Committee

March 30, 2022 meeting called to order by Katie Lavoie chair. Committee members in attendance Lou Ellen Beard, Mike and Lisa Mullen , Elizabeth Kirby and Jill Smith

Lots of discussion on various districts and the Apportionment options they use. Trying to decide which formula would be best for out district seems to be the problem . Discussed the declining school census that last few years and how that may affect Deering in the future.

Also discussion on the Right to Know for the 1979 articles of agreement that are referenced in school report, but can't seem to be obtained from SAU 34. Elizabeth will request those documents via email to SAU 34 tonight under the right to know.

Discussion on the presentation and what should be presented and how, no final decision made.

Will wait for right to know response before moving forward.

Next meeting will be determined by Katie's schedule, she will advise.

Respectfully submitted,
Lou Ellen Beard
