

TOWN OF DEERING

Highway Department

762 Deering Center Road

Deering, NH 03244

2022 Highway Department Goals

***Building Goals**

- Four new garage doors, install one of the old ones in our shed for security
- Finish installing white metal on our inside west wall to finish the whole shop.
- replace vent on the outside of the west wall and sure up the inside.

***Roads**

- Ditch Old County, Mountain View, Hart Farm and Pleasant Pond Roads.
- Top coat pavement on Holton Crossing and Longwoods Roads and install shoulder material on the shoulders after top coating
- Replace 36" culvert on Camp Road
- Replace the first two 24" culverts on the dirt section of Fisher Road
- Replace 12" culvert with a 15" culvert by the kiosk on Clement Hill Road
- Replace 24" culvert just south of Falls Road on 2nd NH TPKE
- Repair the entrance apron and pave 20' on Bartlett Hill Road off Route 149.
- Repair the damaged 5' width of pavement on E. Deering Road just up from Route 149.
- Install 300' of 6" underdrain and 1.5" Stone on the right side going up Peter Wood Hill Road.
- Keep Replacing the road name signs from the routed type to the green flagging Retro reflective type with new green 6x6 posts to comply with new standards.

***Vehicles**

- Replace the sander controls in T-2 and T-3 to outside of the cab style because of them leaking and the age of the old controllers.
- Replace the flat bed on T-6 as it started life on the truck before and has rotted Through.
- Install camera system that T-4 has on T-1, T-2 and T-3. Backup cam, in-bed cam and sander door cam for safety.
