

DEERING CEMETERY POLICIES

People express grief in different ways and we respect that. Please follow the policies below out of respect for the cemeteries the cemetery trustees maintain.

- Planting trees, shrubs or plants is not allowed
- Potted plants or flowers may only be placed on the gravestone or its base, or they will be removed
- Statues, personal objects or items of remembrance may only be placed on the gravestone or its base, or they will be removed
- The Cemetery Committee will place and maintain flags on Veterans' graves before Memorial Day

**These policies were put into effect so that those who mow and maintain our cemeteries can do so without obstacles that may cause damage to the plots or gravestones; their equipment; or personal injury to themselves.
Thank you for your cooperation.**

Please report any damage or concerns to
the Cemetery Trustees: cemetery@deeringnh.gov
