VACANCY POSTING

Forest Fire Warden

Duties & Responsibilities:

Fire Prevention:

- Require fire permits & enforce all forest fire laws regarding outside burning within their jurisdiction. (RSA 227-L:17)
- Keep public informed of fire danger & forest closures.
- Informing the State Forest Fire Ranger of active timber sales, slash violations & fire violations that require follow up.

Fire Preparedness:

- Preplanning of local forest fire hazards
- Fire departmental training for forest & brush fires
- Determine tool & equipment re-equipment needed for town
- Appoint deputy wardens & fire permit writers to assist the warden.

Fire suppression:

- Suppressing forest fires is the Wardens primary responsibility. The warden is to use the authority provided to accomplish this. The warden will work with the local & state agencies under a unified command to suppress all forest fires.

Reports & billing:

- The warden is responsible to make an accurate forest fire bill to state.
- Payment to fire fighters
- Submit yearly budget report to selectmen for approval
